Dear valued supporter,

The past few months have proved very busy for Faith's Angels! We just mailed in our 3rd quarter CHD research donation, larger than 3rd quarters in the past due to Rock the Rapids Music Festival inviting us to be their 50/50 Raffle non-profit. Faith's Angels volunteers rose awareness to over 30,000 attendees! This was by far the largest awareness opportunity Faith's Angels has had.

We also had our largest number of attendees in August to our annual Whitecaps Outing, a record of 291! Thank you for coming out to our family fun event and raise awareness to the thousands of other attendees.

Attached you will find a flyer about our two upcoming fundraising opportunities. We would appreciate if you would share this flyer with friends or post in the lunchroom at work. Remember, by posting this you do raise awareness for congenital heart disease while giving the readers the opportunity to participate and support our research.
