

Dear valued supporter,

We have a few fundraisers coming up this fall and a new research project we have funded for 2013, find details below. The year 2013 has been a FABULOUS year for Faith's Angels! We have officially had the highest fundraising year, over \$26,000, and it's not over yet! Thanks to our success this year Faith's Angels has raised a total of over \$100,000 for congenital heart disease research and awareness since our founding in 2009!

Gold Ticket Fundraiser with Celebration Cinema

Faith's Angels has teamed up with Celebration Cinemas again to raise some money for CHD research and awareness! Same deal as last year for \$9 you get a Gold Ticket good for one admission to any film (including no pass) for one year. This means admission to no pass movies or \$7.50 credit to special IMAX or 3D features. From each ticket purchased \$1.50 will come directly to Faith's Angels for congenital heart disease research and awareness.

Deadline for ordering tickets is November 15th. Please call 887-5844 or email monica@faithsangels.org to place your order. Checks can be written to Faith's Angels and mailed to 2633-11 Mile Rd NW, Sparta, MI 49345. We must receive payment by November 15th! Tickets will be mailed to you and received no later than Dec. 7th, in time for Christmas gifts!

Inaugural GR Griffins hockey outing to raise awareness for CHD!

Many supporters have asked after our many years of baseball outings, "What about a hockey outing for CHD!?" We have answered this request in a very special way...

Faith's Angels, founded in memory of Faith Rose, is hosting our 1st hockey outing on what would have been Faith's 8th Birthday on January 10, 2014, 7:00pm! We would like everyone to wear red that attends this event, Faith's Angels shirt if you have them (or contact us to purchase one of four designs). At the end of the first period our supporters will stay in their seats to take an amazing picture to raise awareness for congenital heart disease. This picture will be used online for CHD awareness week Feb. 7-14 2014!

Friday, January 10th Will Feature \$2 Concession Specials (6-8pm)

Tickets are just \$15 with \$3 of each ticket sold through Faith's Angels going to support congenital heart disease research and awareness. That is a savings off day of game prices PLUS no per ticket service fees.

Two Ways To Order:

Option One:

Go To: Griffinshockey.com/promocode

Enter Code: **Faith**

Select Your Seats and Make Your Purchase

Option Two:

2013 Congenital Heart Disease Research

Faith's Angels has designated research funds towards the creation of a "Device for Non-invasive Measurement of Pulmonary Artery Pressure"!

The invasive procedure of cardiac catheterization is currently the only way pressures in the lung vessels (pulmonary arteries) or in the chambers of the heart can be measured. There are multiple congenital heart diseases when the pulmonary artery pressure is important, and required to figure out the best surgical and medical approach to take care of the patient. Dr. Bocks is collaborating with a small company to develop a device that can be implanted at the time of cardiac surgery and then can be used for months and possibly years to come to measure pressures on the inside of the heart without a catheterization. This will make the regular monitoring of pressures in the pulmonary arteries and potentially other chambers more on a regular basis more accessible and will improve our ability to recognize concerning elevation of pressures as soon as possible and thus to modify treatment sooner than in the current state.

2014 - Paper Hearts Campaign

Faith's Angels will be gearing up our 4th Annual Paper Hearts campaign to begin February 1st. Every year we have exceeded expectations with this campaign and informed so many about congenital heart disease.

The campaign gets local businesses involved by selling a Paper Heart for \$1 then hangs the heart in a prominent place for other patrons to view. The hearts grow throughout the month of February raising funds for research while informing the public about congenital heart disease.

We want to keep growing this campaign! If you know of any business that would like to get involved, please let us know. Just shoot us an email to monica@faithsangels.org with contact info. and we will do the rest. Faith's Angels does have heart moms that sell these hearts in their business, local school and to friends and families. We have even had high school students use this campaign for school projects so there are ways outside the box to get involved!

You have received this e-letter due to you previously expressing the desire to receive this information. *If you wish to be removed from this e-letter please reply with "REMOVE" in the subject line.*
